THEN:

Greetings!

Shopping Opener

Everyone knows that the 'fishing opener' marks the opening of fishing season on inland lakes but it is also the 'unofficial' start to the summer season!

The "Shopping Opener" is a first of its kind "shopping tournament". Shoppers register at the Cable Area Chamber of Commerce and pick up a bling lanyard. Show that bling lanyard at participating stores on Friday May 2 or Saturday May 3 and receive special discounts and promos. The \$10 entry fee also includes the shopper reception on Sunday.

At Redbery Books, you can
"fish for your discount"

Gummi (book)Worms for kids
who snag a book.

The 'weigh in' and reception will take place on Sunday beginning at noon at the Brickhouse Cafe where you will be rewarded

for your shopping.

How cool is that?

Cook Books, Not Just for Recipes Anymore

The View from Mrs. Sundberg's Window is a popular blog on NPR and is featured on the [Prairie Home Companion website](#). Written by Holly Harden, this cookbook is a compilation of the recipes that "Mrs. Sundberg" includes in each column. It features "Best Recipes this side of Lake Wobegon" and "Menus planned around life events, from Holidays to Saturdays". And on top of it all, there are a few of Mrs. Sundberg's stories and thoughts on ordinary

life. It's sure to please Garrison Keillor fans with its Minnesota charm and "plain old Good Food."

Please join us as we welcome Holly Harden to Redbery Books on Saturday, May 24 at 4:00

Great Summer Reading

If you are looking for a book that is not too heavy but you still want something with strong and likable characters and language to keep the story flowing, then you can't go wrong with *Up At Butternut Lake* by Mary McNear!

Allie Beckett and her young son, Wyatt, are returning to Butternut Lake and the family cabin after years of away. The cabin has weathered time, but is in a state of disrepair, very much like Allie's life. Allie is still grieving her husband's death in Afghanistan. Tranquil Lake Butternut and the small town by the same name seem like a place to navigate her need to start over. But fixing up the cabin turns out to be easier than fixing her heart.

Author Mary McNear's family has owned a cabin on a lake just outside of Cable for generations. Cable is not Butternut and the story is actually set in Minnesota, but you will see references to our little town throughout the novel. To order, click [here](#).

Congratulations to another talented writer inspired to set her story in the Northwoods! Watch for details about a book signing with Mary McNear this summer.

Thanks for reading our e-newsletter! Stay tuned for details about our summer program, **Redbery Reads for Kids: Super Heroes in the Animal World**, which will take place Thursday mornings at 10:30 from July 10 - August 7 at the Cable Natural History Museum. These are fun family events for local folks and visitors to the area, with stories, games, and lots of laughs.

Looking forward to seeing the returning seasonal folks soon. Please stop in.

Sincerely,

See it here, Buy it here. Keep us here.
