How many rocks are on *your* shelf?

"Hike alongside Rhoda as
she visits river and forest
and lake to collect rock
after rock - jagged and
bumpy, smooth and
round, even tiny banded
ones that glow!"

We can't recall a book release that has generated as much excitement and lively debate as Harper Lee's *Go Set A Watchman*. We view that as a good thing, and we hope you won't shy away from reading it.

Review by Sarah, Redbery Book Seller

"I couldn't resist, or escape, reading a few "reviews" (really just spoilers masked as intelligent reviews) before the release of Harper Lee's newly published **Go Set A Watchman**.

Despite what I read, I was eager to get a copy in my hands as soon as possible and immerse myself in Scout's world once again. In this new book, Scout (now Jean Louise to most people) has gone home to Maycomb for a visit and is unprepared to face a harsh reality about the people she loves most. She reacts in a way that only Atticus' daughter can. He taught her well in *To Kill A Mockingbird*, and that makes the revelations in this book all the more unsettling. It's a really beautiful story of a grown child getting to know the adults in her life as flawed individuals, and seen not through the eyes of a child, anymore. Scout is coming to terms with the realities of life in her insulated hometown after the Supreme Court desegregation decision, and after she's spent many years away, in NYC.

I found *Go Set A Watchman* to be sad, disappointing, and wonderful all at once. If you loved "*Mockingbird*", don't let the negative press about Atticus deter you from reading this one. You will not be disappointed in Lee's writing, and you will love Scout as much in this book as you did when you first met her."

Something sizzling from the grill is where we were headed this month until we saw this gorgeous, healthy and tasty appetizer for those homegrown beets in season right now.

Give Beet & Walnut Hummus a try.
(It'd go great with that steak).

Beet & Walnut Hummus

1/2 cup walnuts, chopped
14-oz can chickpeas, drained and rinsed
3-4 cooked beets, chopped
1 garlic clove, crushed
Juice of 1-2 lemons
1-Tbsp tahini
Sea salt and pepper to taste

Heat a heavy skillet until smoking hot, add the walnuts and dry fry for 2-3 minutes until they release their aroma and begin to darken in patches. Transfer to a food processor.

Add the remaining ingredients to the processor. Process until smooth. Season with sea salt and pepper to taste.

In his latest book, Jim Brakken brings us stories from the good old days, straight from the heart and the heart of the north. Some are sad, some are shocking, but they're all fairly true.

Dear Redbery friends,

My family has never been shy when it comes to parade floats and this year's 4th of July parade in Cable was no exception. My dad and sister Kelly created the books that lined our float and the rest of the family contributed their patriotic ideas to make it all come together. The waves and cheers from the crowd really made us all feel very welcome and proud to be part of the Cable community. Thank you!

Sincerely and with gratitude,

Maureen and the rest of the staff
